---

Html | Css | Javascript | bootstrap | Es6 | Tailwind | Git | GitHub | React | Responsive design | MUI | Redux | typescript | Saas | Axios | Yup | Formik | Jquery | jwt | React image gallery | React Swiper | Tanstack Query

## Projects

---

### FreshCart E-commerce

A responsive and user-friendly e-commerce web application built with React. It allows users to browse products, add items to the cart, and complete a smooth checkout process. The app focuses on clean UI design, smooth navigation, and essential shopping functionalities to enhance the user experience.

**Tech Stack:** React.js, JavaScript, React Router, Context Axios, Tailwind CSS, Font Awesome | [GitHub Repo](#) | [Live Demo](#)

---

### URL Shortener App

Developed a web-based application that integrates with the TinyURL API to shorten long links. The project includes features such as input validation, copy-to-clipboard functionality, and saving shortened links in localStorage for persistence. Designed with a fully responsive UI to ensure smooth user experience across devices.

**Tech stack:** HTML, CSS, JavaScript , tinyUrl | [GitHub Repo](#) | [Live Demo](#)

---

### Yummy

A dynamic web application that displays meals from an external API based on name, area, category, or ingredients. It also includes a search feature by meal name or first letter.

**Tech stack:** HTML, CSS, JavaScript, Bootstrap, jQuery | [GitHub Repo](#) | [Live Demo](#)

---

### Weather Forecast App

A responsive weather application that displays 7-day forecasts and upcoming rain conditions using the WeatherAPI. Supports geolocation and manual city search with background images from Unsplash.

Tech stack: HTML, CSS, JavaScript, Bootstrap | [GitHub Repo](#) | [Live Demo](#)

---

## To Do List App

A task management app that allows users to create, edit, and delete tasks with LocalStorage support. Tasks are divided by status: Next Up, In Progress, and Done. Includes search by title/category, background color customization, and form validation.

**Tech stack:** HTML, CSS, JavaScript, Bootstrap | [Github Repo](#) | [Live Demo](#)

---
